

<b>Name</b>	Amanj Khorramian
<b>Title</b>	Assistant Professor of IT and Computer Engineering
<b>Affiliation</b>	Faculty of Engineering, University of Kurdistan, Iran
<b>Education</b>	PhD. in Electrical Engineering and Computer Science, Kanazawa University, Japan
<b>Research Interests</b> <b>(Erdős#: 3)</b>	Online Computation Graph Search Methods Cryptography and Information Security Data Structures Distributed Systems Parallel Processing Algorithm Engineering
<b>Current Teaching Courses</b>	Undergraduate Program <ul style="list-style-type: none"> <li>• Fundamentals of Data Structures</li> <li>• Design and Analysis of Algorithms</li> <li>• Advanced Programming in Java</li> </ul> Graduate Program <ul style="list-style-type: none"> <li>• Advanced Algorithms</li> <li>• Advanced Operating Systems</li> <li>• Advanced Topics in Software Engineering</li> </ul>
<b>Awards</b>	Best Paper Award at the 12th International Conference on Algorithms and Complexity, 2021
